BOARD OF DIRECTORS

Article 17

1. The Board of Directors comprises 15 (fifteen) directors elected at the Meeting.
2. The members of the Board of Directors remain in office for three years and their mandate expires on the date of the Meeting called to approve the financial statements for the last year of their appointment. They can be re-elected.
3. The composition of the Board of Directors has to ensure gender balance and the minimum number of independent members in accordance with current regulations.
4. Directors who meet the independence requirements established by article 148, paragraph 3, of Legislative Decree 58 of 24 February 1998, as well as by the regulations in force implementing article 26 of Legislative Decree 385 of 1 September 1993, are regarded as independent (hereinafter, the “*Independence Requirements*”). The independent members of the Board of Directors must also meet the independence requirements defined by the current Corporate Governance Code for Listed Companies issued by Borsa Italiana SpA. It is up to the Board of Directors to define the parameters based on which it is assessed whether the relationships maintained by directors have compromised their independence.
5. The members of the Board of Directors must meet the requirements and eligibility criteria, as well as comply with the limits on the number of positions held, as provided for by current legislation on offices held by a member of the management body of a bank issuing shares listed on regulated

markets; subsequent failure to meet these requirements and criteria shall lead to ineligibility or loss of office.

6. During their term of office, the Directors shall immediately inform the Board of Directors of any situation that may affect the assessment of their eligibility to hold office.

7. Without prejudice to the other reasons for ineligibility, incompatibility and loss of office established by current regulations:

- a) the following persons cannot be members of the Board of Directors: (i) Company employees, unless they are the General Manager, where appointed; (ii) the directors, employees or members of supervisory committees, commissions or bodies of competing banks or companies, unless the Company holds investments in such banks or companies, whether directly or via companies that are members of the Banking Group;
- b) the existence of a reason of incompatibility under letter a) shall not prevent the candidate from standing for the office of Company director, it being understood that by accepting the candidature, the candidate undertakes the obligation to immediately terminate said reason if he/she is appointed;
- c) in the event that a reason of incompatibility under letter a) occurs after the appointment, the interested person shall immediately notify the Board of Directors and, if said reason is not removed within 30 (thirty) days from the notification or within any shorter time laid down by current regulations, he/she shall cease to hold office.

8. If a Director no longer meets the Independence Requirements or other requirements foreseen under current law or under the Articles of Association, providing they do not envisage ineligibility or loss of office, this does not automatically lead to his/her loss of office, if there is still the required minimum number of Directors who meet them.

Article 18

1. The members of the Board of Directors are elected from lists presented by the members in which the candidates are listed with a progressive number.

2. The presentation of lists has to satisfy the following requirements:

- a) the list has to be presented by members who separately or together hold BPER shares representing not less than 1% of the share capital represented by ordinary shares, or any other lower percentage established by current regulations. Ownership of the minimum shareholding is calculated with regard to the shares registered on the day when the list is filed at the Company;
- b) the list must contain a number of candidates not higher than the number of directors to be elected,
- c) the list that contains a number of candidates equal to 3 (three), must submit at least 1 (one) candidate belonging to the less represented gender; the list that contains a number of

candidates higher than 3 (three) must submit a number of candidates belonging to the less represented gender to ensure that the list complies with the gender balance at least to the minimum extent required by law, rounding up to the next unit in the event of a fractional number;

- d) the list must submit at least a third of candidates, who meet the Independence Requirements, rounding up to the next unit in the event of a fractional number;
- e) the list must be filed at the Company's registered offices within the terms and methods established by current regulations;
- f) together with the list, the presenting members must file at the Company's registered offices all of the documents and declarations required by law, and in any case: (i) the declarations from each candidate accepting their candidature and confirming, under their own responsibility, the absence of reasons for which they cannot be elected or other incompatibilities, and that they meet the requirements for appointment established by these Articles of Association and by current regulations and whether they meet the Independence Requirements; (ii) a full description of the personal and professional characteristics of each candidate, with an indication of the directorships and audit appointments held in other companies; (iii) information on the identity of the members presenting the lists, indicating their percentage shareholding, to be confirmed according to the terms and methods established by current regulations.

3. The status of candidate belonging to the less represented gender and that of candidate that satisfies the Independence Requirements can be combined in the same person.

4. The lists submitted without complying with the above terms and conditions will be considered as not submitted and will not be admitted to the vote.

5. Any irregularities on the list that relate to individual candidates only entail the exclusion of the candidate(s) concerned.

6. Each member may not present or contribute to the presentation of more than a list of candidates, even if through a third party or through a trust company; a similar requirement applies for members belonging to the same group - meaning the parent company, its subsidiaries and the companies subject to joint control - or who are parties to a shareholders' agreement regarding the shares of the Company. In the event of non-compliance, signature is ignored in relation to all lists.

7. Each candidate may only appear on one list or, otherwise, will be ineligible for election.

8. Persons entitled to vote cannot vote more than one list of candidates, even if through an intermediary or through trust companies.

9. None of this prejudices any other, different requirements under current regulations concerning the basis and timing for the presentation and publication of lists.

Article 19

1. The members of the Board of Directors will be elected by applying the following procedures.

2. If more than one list is validly presented, the provisions in paragraphs 2.1 to 2.8 apply.

2.1. Without prejudice to the provisions of art. 18, paragraph 6, the following is taken into considerations: (i) the list that has received the highest number of votes; (ii) the list that is second for the number of votes received, provided that it is not connected - not even indirectly - with the shareholders that presented or voted the list that received the highest number of votes, or, in the event that it is connected, the list that has received the highest number of votes among those that are not connected; and (iii) the other lists that individually obtained votes equal to at least 5% of the share capital with voting rights, provided that they are not connected - not even indirectly aa) with the shareholders who presented or voted the list which came first by number of votes or (bb) with the shareholders who presented or voted any of the other minority lists, including the one which came second by number of votes, if, in the hypothesis described in letter (bb), the total number of candidates assigned to these lists on the basis of the mechanism referred to in paragraph 2.2 is equal to or higher than the majority of the directors to be elected.

2.2. The votes obtained from each of the lists are subsequently divided by one, two, three, four and so on until reaching the number of Directors to be elected. The quotients thus obtained are assigned to the candidates on each list, according to the progressive order of the list. On the basis of the quotients thus assigned, the candidates are arranged in a single decreasing ranking and the first 15 (fifteen) candidates are considered elected.

2.3. If the first list, provided that it contains a number of candidates equal to or higher than the majority of the directors to be appointed, has obtained a number of votes representing more than half of the share capital with voting rights, the Board seats will be allocated as follows:

- a) if the ratio between the total number of votes received by the second list by number of votes, which is not connected in any way, not even indirectly, with the first list by number of votes, and the total number of votes received by the first list by number of votes, is less than or equal to 15%, 14 (fourteen) Directors are taken from the first list by number of votes and 1 (one) Director is taken from the second list by number of votes;
- b) if the ratio between the total number of votes received by the second list by number of votes, which is not connected in any way, not even indirectly, with the first list by number of votes, and the total number of votes received by the first list by number of votes, is above 15% and less than or equal to 25%, 13 (thirteen) Directors are taken from the first list by number of votes and 2 (two) Directors are taken from the second list by number of votes;
- c) if the ratio between the total number of votes received by the second list by number of votes, which is not connected in any way, not even indirectly, with the first list by number of votes, and the total number of votes received by the first list by number of votes, is above 25%, 12 (twelve) Directors are taken from the first list by number of votes and 3 (three) Directors are taken from the second list by number of votes.

If the first list by number of votes received presents fewer candidates than those assigned to it based on the application of the mechanism referred to in this paragraph, provided that they are equal to or greater than the majority of the directors to be appointed, the following are elected: (i) all of the candidates on the first list by number of votes; (ii) the candidates on the second list by number of votes needed to complete the Board of Directors, according to the progressive order of the list. Where it is not possible to complete the Board of Directors in the manner described above, due to the fact that the first list and the second list by number of votes present fewer candidates than the number required, the following procedure applies: if the other lists, other than the first and second list by number of votes, have obtained a total of at least 5% of the share capital having voting rights, the Directors required to complete the Board of Directors are drawn from these other lists, starting with the list with the highest number of votes and moving down to the subsequent lists when the candidates on the preceding lists by number of votes run out. In all cases where it is not possible to complete the Board of Directors by following the above instructions, the Shareholders' Meeting shall provide for its completion, as laid down in subsequent paragraph 2.5.

2.4. In any case, the first ranking candidate in the list that has obtained the highest number of votes among those that are not connected - not even indirectly - with the shareholders who have submitted or voted for the list that obtained the highest number of votes shall always be appointed Director.

2.5. If, as a result of the provisions of paragraphs 2.1 to 2.4, it is not possible to complete the Board of Directors, the remaining Directors are elected by the Shareholders' Meeting on the basis of candidates who are put to the vote individually: the candidates who receive the highest number of votes will be elected, up to the total number of directors still to be elected.

2.6. If, once the ranking has been completed at the end of the procedure as per previous paragraphs 2.1 to 2.5, the correct composition of the Board of Directors is not ensured with regard to gender balance and Independence Requirements, as many elected candidates as necessary will be excluded, replacing them with candidates meeting the requirements that are missing and drawn from the same list as the candidate to be excluded, according to the order in which they are listed. Substitutions take place first for the less represented gender and then those who satisfy the Independence Requirements. This substitution mechanism is applied firstly, in sequence, to the lists that have not contributed a Director who meets the missing requirement, starting with the one that received the most votes. If this is not sufficient or if all lists have contributed at least one Director who meets the requirement that is missing, the substitution is to be applied, in sequence, to all lists, starting with one that received the most votes. Within the lists, the substitution of candidates to be excluded is applied starting from the candidates with the highest progressive number. The substitution mechanisms do not apply to candidates drawn from lists that presented less than three candidates.

2.7. In the event that, even if the substitution mechanisms under paragraph 2.6 are applied, the correct composition of the Board of Directors is not ensured, as many candidates as necessary will be

excluded from the candidates elected on the basis of individual candidatures pursuant to paragraph 2.5, replacing the less voted candidates with the first unelected candidates who meet the missing requirements. Substitutions take place first for the less represented gender and then those who satisfy the Independence Requirements.

2.8. In the event that, even if the substitution mechanisms under paragraphs 2.6 and 2.7 are applied, the correct composition of the Board of Directors is not ensured, as many candidates as necessary will be excluded - starting from the last place of the ranking -, replacing them with candidates meeting the missing requirements, who are elected by the Shareholders' Meeting on the basis of candidates put to the vote individually: the candidates who obtain the highest number of votes are elected, up to the total number of Directors still to be elected. Substitutions take place first for the less represented gender and then those who satisfy the Independence Requirements.

3. If only one list is presented, all Directors are drawn from this list, according to the progressive order of the list; where it is not possible to complete the Board of Directors in this way, the missing Directors are elected at the Shareholders' Meeting, on the basis of candidates put to the vote individually: the candidates who obtain the highest number of votes are elected, up to the number of Directors required.

4. If no list is validly presented, the missing Directors are elected by the Shareholders' Meeting on the basis of candidates who are put to the vote individually: the candidates who receive the highest number of votes will be elected, up to the total number of directors still to be elected.

5. If, in the cases as per paragraphs 3 and 4, at the end of voting, an overall number of Directors meeting the requirements necessary to ensure the correct composition of the Board of Directors, with regard to gender balance and Independence Requirements, has not been elected, as many elected candidates as necessary have to be excluded by replacing the less voted candidates meeting the missing requirements with candidates meeting the missing requirements, who are elected by the Shareholders' Meeting on the basis of candidates put to the vote individually: the candidates who obtain the highest number of votes are elected, up to the total number of Directors still to be elected. Substitutions take place first for the less represented gender and then those who satisfy the Independence Requirements.

6. All of the candidates proposed directly at the Meeting in accordance with the preceding paragraphs have to submit the documentation laid down in art. 18 paragraph 2 letter f).

7. In the event of a tie between lists or candidates, the Meeting holds a ballot in order to establish a ranking for the candidates on these lists.

8. Significant relationships are those identified by the current provisions of Legislative Decree 58 of 24 February 1998 and of the Regulations implementing Consob Resolution 11971 of 14 May 1999.

Article 20

1. If, during the year, one or more directors are no longer available, they are to be replaced according to the following provisions.

2. A Director who is no longer available is replaced by the first unelected candidate, according to the progressive numbering on the list of origin of the terminated director, who complies with the provisions of paragraph 2.1 and belongs to the less represented gender and/or meets the Independence Requirements if the required minimum number of directors has to be made up.

2.1. Within the period fixed by the Board of Directors, the candidate must file at the Company's registered offices a declaration in which he renews his acceptance of the office, confirming the absence of grounds for ineligibility or incompatibility and that the requirements prescribed for the office by legislation and by the Articles of Association are met, and provides information on the administration and control positions currently held in other companies. If the candidate concerned fails to do so, the next unelected candidate takes over, according to the progressive numbering of the list, and so on.

2.2. If, for any reason, replacement is not possible according to the mechanism referred to in paragraphs 2 and 2.1, the Board of Directors shall co-opt a new member selected, where possible, according to a principle of proportional representation of the shareholders' structure within the Board and ensuring, in any case, compliance with the applicable laws on gender balance.

2.3. The members taking over or co-opted pursuant to the preceding paragraphs 2, 2.1 and 2.2. shall remain in office until the next Shareholders' Meeting. When a new Director is appointed to replace the outgoing Director, the Shareholders' Meeting decides on the basis of candidatures. Each candidature has to be filed at the Company's registered offices by the deadline provided by law for the presentation of lists of candidates for the election of the Board of Directors, together with any documentation and declaration required by law, and in any case: (i) the declarations from each candidate accepting their candidature and confirming, under their own responsibility, the absence of reasons for which they cannot be elected or other incompatibilities, and that they meet the requirements for appointment established by these Articles of Association and by current regulations and whether they meet the Independence Requirements; (ii) a full description of the personal and professional characteristics of each candidate, with an indication of the directorships and audit appointments held in other companies. Candidatures submitted without complying with the above terms and conditions will be considered as not submitted and will not be admitted to the vote.

2.4. If no candidature is presented within the term under paragraph 2.3, the Shareholders' Meeting shall decide on the substitution on the basis of candidatures presented directly at the Shareholders' Meeting, each accompanied by the documentation and declaration specified in the paragraph above. Candidatures submitted without complying with the above procedure will be considered as not submitted and will not be admitted to the vote.

2.5. The Shareholders' Meeting votes on the replacement by expressing a vote on the individual candidatures: the candidate who receives the highest number of votes gets elected, making sure that the person chosen belongs to the less represented gender and/or meets the Independence Requirements if the required minimum number of directors has to be made up.

2.6. In the event of a tie between various candidates, the Meeting holds a second ballot to establish how they are to be ranked.

3. The directors taking over - each - assume the residual period of office of the person they replaced.

4. If, due to resignations or other causes, more than half of the directors are no longer available prior to the end of their term of office, the entire Board of Directors has to resign and a Shareholders' Meeting called to make the new appointments. The Board will remain in office until the Shareholders' Meeting has passed a resolution to reconstitute it. The new Directors so appointed shall hold office for the remaining term of office of their predecessors.

2. The Board of Directors meets at the registered offices or elsewhere in Italy.

3. Meetings of the Board of Directors can be held using remote communication systems, on condition that the identity of the persons entitled to attend is assured and all participants are able to intervene in real time in discussions about the matters on the agenda, as well as being able to see, receive and transmit documents. At least the Chairman and the Secretary shall be present at the place where the Board of Directors was called, unless the meeting is held using remote communication systems.

4. Meetings are called by registered letter or by e-mail to the addresses communicated by the Board members or by any other method suitable for the purpose at least three days prior to the date set for the meeting. This notice period may be waived in urgent cases.

5. Notice of the meeting must also be sent to the Serving Statutory Auditors on the same basis and timing.

BOARD OF STATUTORY AUDITORS

Article 30

1. The Meeting appoints 5 (five) Statutory Auditors, comprising 3 (three) Serving members, including the Chairman, and 2 (two) Alternate members.
2. The Statutory Auditors must meet the requirements, also of independence, established by current law to perform their duties, otherwise they cannot be elected or, if they subsequently fail to meet the requirements, they will fall from office.
3. The limits on the accumulation of directorships and audit appointments laid down by current regulations apply to the Statutory Auditors. In any case, the Statutory Auditors may not hold positions in bodies other than control bodies in other companies of the Group or in which the Company holds, directly or indirectly, a strategic investment, as defined by the Supervisory Authority.
4. The Statutory Auditors remain in office for three years and their mandate expires on the date of the Meeting called to approve the financial statements for the last year of their appointment; they are re-eligible.
5. The Chairman and the Serving members of the Board of Statutory Auditors are entitled to receive the annual remuneration approved at the Shareholders' Meeting throughout their entire period in office.
6. The composition of the Board of Statutory Auditors has to ensure gender balance in accordance with current regulations.

Article 31

1. The election of the members of the Board of Statutory Auditors is made on the basis of the lists presented by the shareholders.
2. The list of candidates, which is split into two sections, one for the candidates for the position of Serving Statutory Auditor and one for the candidates for the position of Alternate Statutory Auditor, has to have a number of candidates not exceeding the number of Statutory Auditors that to be elected. In each section, the candidates are listed with a progressive number. At least one candidate for the position of Serving Statutory Auditor and one candidate for the position of Alternate Statutory Auditor contained in the respective sections of the list have to be enrolled in the register of auditors and have practised the profession of auditing for not less than three years;
3. Lists that, considering both sections, contain a number of candidates equal to or greater than 3 (three) must ensure compliance with gender balance at least to the minimum extent required by law, as set forth in the notice of call.

4. The list must be presented by shareholders who, individually or collectively, hold at least 0.50% of the share capital represented by ordinary shares, or a lower percentage established by current regulations. Ownership of the minimum shareholding is calculated with regard to the shares registered on the day when the list is filed at the Company. Each shareholder cannot present or contribute to the presentation of more than one list; a similar requirement applies for members belonging to the same group - meaning the parent company, its subsidiaries and the companies subject to joint control - or who are parties to a shareholders' agreement regarding the shares of the Company. In the event of non-compliance, signature is ignored in relation to all lists.

5. The lists of candidates, signed by the members presenting them, must be filed at the Company's registered offices within the terms and methods laid down in current regulations. They must be accompanied by all documents and statements required by law and in any case: (i) declarations from each candidate accepting their candidature and confirming, under their own responsibility, that there are no reasons for which they cannot be elected or other incompatibilities, and that they meet the requirements for appointment established by law or in these Articles of Association; (ii) a full description of the personal and professional characteristics of each candidate, with an indication of the directorships and audit appointments held in other companies; and (iii) information relating to the identity of the presenting members with an indication of the percentage of shares held, to be certified as required by law.

6. If only one list is filed by the deadline or only lists presented by shareholders who are associated with each other, the Company promptly publishes this information with the methods laid down in current regulations; in this case, it is possible to present lists up to the third day subsequent to the deadline mentioned in paragraph 5, and the required number for presentation specified in the paragraph 4 is halved. None of this prejudices any other, different requirements under current regulations concerning the basis and timing for the presentation and publication of lists.

7. The lists submitted without complying with the above terms and conditions will be considered as not submitted and will not be admitted to the vote.

8. Any irregularities on the list that relate to individual candidates only entail the exclusion of the candidate(s) concerned.

9. Each candidate may only be included on one list or, otherwise, will be ineligible for election.

10. Candidates not meeting the requirements established by law and the Articles of Association cannot be elected or, if elected, their appointment will lapse.

11. All persons entitled to vote cannot vote more than one list of candidates, even if through an intermediary or through trust companies.

Article 32

1. The procedure for the election of the Board of Statutory Auditors is described below.

2. If more than one list is validly presented, the following provisions apply.

2.1. Two Serving Statutory Auditors and one Alternate Statutory Auditor are taken from the list that obtained the highest number of votes, in the order that they are listed in each section.

2.2. The Chairman of the Board of Statutory Auditors and one Alternate Statutory Auditor are taken from the list that obtained the second highest number of votes, providing this list is not related, directly or indirectly, with the members who presented or voted the list with the highest number of votes, in the order that they are listed in each section. Significant relationships are those identified by the applicable provisions of Legislative Decree 58 of 24 February 1998 and the Regulations implementing Consob Resolution 11971 of 14 May 1999.

2.3. In case the second list by numbers of votes is related, according to paragraph 2.2, with the members that have presented or voted the first list by number of votes, the Chairman of the Board of Statutory Auditors and one Alternate Statutory Auditor are taken, in the order that they are listed in each section, from the list that obtained the third highest number of votes providing this list is not related, according to paragraph 2.2, with the members who presented or voted the list with the highest number of votes.

2.4. In the event of a tie between lists, the Meeting holds a second ballot at the outcome of which two Serving Statutory Auditors and one Alternate Statutory Auditor are taken from the list that obtained the highest number of votes, in the order that they are listed in each section; The Chairman of the Board of Statutory Auditors and one Alternate Statutory Auditor are taken from the list that obtained the second highest number of votes, providing this list is not related, directly or indirectly, with the members who presented or voted the list with the highest number of votes, in the order that they are listed in each section.

2.5 If, after voting has taken place, no one of the appointed Auditors is enrolled in the register of auditors and have practised the profession of auditing for not less than three years, the Meeting has to exclude the elected candidate, that do not have the requirements, who has the highest number on the list that obtained the highest number of votes, replacing that person with the non-elected candidate of the same list that meets the requirements.

2.6. If, after voting has taken place, the minimum number of Statutory Auditors belonging to the less represented gender has not been elected, the Meeting has to exclude the elected candidate belonging to the overrepresented gender, who has the highest number on the list that obtained the highest number of votes, replacing that person with the non-elected candidate belonging to the less represented gender on the same list.

2.7. If, even by applying this replacement mechanism, it is not possible to complete the minimum number of Statutory Auditors belonging to the less represented gender, the Meeting provides for the election of the missing Statutory Auditors on the basis of candidates proposed by members at the Meeting. To this end, the candidates are put to the vote individually and the candidates who receive the highest number of votes are elected, up to the total number of Statutory Auditors to be elected.

Substitutions are made from the most voted list, and within the sections of the lists, from the candidates with the highest progressive number.

3. If only one list is presented, all Auditors are taken from that list. In this case, the first candidate for the office of Serving Statutory Auditor listed in the relevant section of the list shall be elected Chairman of the Board of Statutory Auditors.

4. If no valid list is presented, or the number of Statutory Auditors to be elected has not been reached, the missing Statutory Auditors are elected on the basis of candidates proposed by the members at the General Meeting. To this end, the candidates are put to the vote individually and the candidates who receive the highest number of votes are elected, up to the total number of Statutory Auditors to be elected.

4.1. In the event of a tie between various candidates, the Meeting holds a second ballot among the candidates.

4.2. If the Shareholders' Meeting has elected the Statutory Auditors because there are no lists, it shall appoint the Chairman of the Board of Statutory Auditors from among the Serving Statutory Auditors elected pursuant to paragraphs 4 and 4.1 above.

4.3 If the Shareholders' Meeting has supplemented the number of Statutory Auditors drawn from the lists, by electing the missing Statutory Auditors, it shall appoint the Chairman of the Board of Statutory Auditors, if not elected pursuant to paragraph 2.2 or paragraph 3, from among all the Serving Statutory Auditors elected.

5. The Meeting must take care to express the minimum number of Serving and Alternate Statutory Auditors belonging to the less represented gender also in the cases provided for in paragraphs 3 and 4.

6. Without prejudice to the provisions of paragraph 3 and 4, application of the above provisions must in all cases result in at least one Serving Statutory Auditor and one Alternate Statutory Auditor being elected by minority shareholders who are not associated, directly or indirectly, with the shareholders that presented or voted for the list that obtained the highest number of votes.

7. The candidates submitted by members at the General Meeting pursuant to paragraphs 2.7 and 4 must be accompanied by the documentation mentioned in art. 31 paragraph 5.

Article 33

1. If the Chairman of the Board of Statutory Auditors ceases to serve, the Alternate Statutory Auditor taken from the same list as the former Chairman takes office until the number of auditors on the Board has been replenished pursuant to art. 2401 of the Italian Civil Code.

2. If a Serving Statutory Auditor is no longer available, the Alternate Statutory Auditor from the same list takes over. The new Serving Statutory Auditor remains in office until the next Shareholders' Meeting, which has to replenish the number of members of the Board of Statutory Auditors.

3. If the Meeting has to appoint replacement Serving and/or Alternate Statutory Auditors to the Board of Statutory Auditors, pursuant to paragraph 2 or legal requirements, the procedure is as follows.

4. If Auditors taken from the list that came first by number of votes must be replaced, the Shareholders' Meeting votes without any list restriction, based on candidates who are put to the vote individually: the candidate who receives the most votes gets elected.

4.1. Candidates may be submitted by members who are entitled to submit a list for the election of the Board of Statutory Auditors, in accordance with current regulations. Ownership of the minimum shareholding for participation is calculated with regard to the shares registered on the day when the application is filed with the Company.

4.2. Each member may not present or contribute to presenting more than one candidate for each substitution; a similar requirement applies for members belonging to the same group - meaning the parent company, its subsidiaries and the companies subject to joint control - or who are parties to a shareholders' agreement regarding the shares of the Company. In the event of non-compliance, signature is ignored in relation to all candidatures.

4.3. The candidature, signed by the person or persons presenting the candidate, must indicate the name of the candidate and has to be filed at the Company's registered offices by the deadline provided by law for the submission of lists of candidates for the election of the Board of Directors, together with any documentation and declaration required by law, and in any case: (i) the declarations from each candidate accepting the candidature and confirming, under their own responsibility, the non-existence of reasons for which they cannot be elected or other incompatibilities, and that they meet the requirements for appointment established by law and by these Articles of Association; (ii) a full description of the personal and professional characteristics of each candidate, with an indication of the directorships and audit appointments held in other companies; and (iii) information on the identity of the members presenting the candidate, indicating their overall percentage shareholding, to be confirmed according to the terms and methods established by current regulations.

4.4. Belonging to the less represented gender is a condition of eligibility for candidature if the Board no longer has the related minimum number of Statutory Auditors as a result of the termination.

4.5. Candidatures submitted without complying with the above terms and conditions will be considered as not submitted and will not be admitted to the vote.

4.6. If no valid candidate is submitted, the Meeting votes on the substitution on the basis of candidates proposed by the members directly at the Meeting, who are put to the vote individually: the candidate who receives the highest number of votes gets elected, making sure that the person chosen belongs to the less represented gender if the required minimum number of Statutory Auditors has to be made up. The candidatures have to be accompanied by the documentation indicated in paragraph 4.3.

5. If it is necessary to replace an Auditor taken from the list other than the one that came first by number of votes, and that is not associated, not even indirectly, with the shareholders that presented

or voted for the list that came first, the Meeting does so, choosing, where possible, from those unelected candidates indicated in both sections of the same list as the Auditor to be replaced, who confirm their candidature and file declarations at the Company's registered offices confirming that there are no reasons for which they cannot be elected or other incompatibilities, and that they meet the established requirements for appointment, as well as an up-to-date indication of the directorships and audit appointments held in other companies, within the terms prescribed by current regulations for the presentation of lists for the election of the Board of Statutory Auditors.

5.1. Where it is not possible to proceed in the manner indicated in paragraph 5, the Meeting decides on the substitution on the basis of candidates proposed by the members directly at the Meeting, who are put to the vote individually: the candidate who receives the highest number of votes gets elected, making sure that the person chosen belongs to the less represented gender if the required minimum number of Statutory Auditors has to be made up.

5.2. The candidatures have to be accompanied by the documentation indicated in paragraph 4.3.

6. In any case, the Meeting has to guarantee the presence in the Board of Statutory Auditors of at least one member enrolled in the register of auditors and that have practiced the profession of auditing for not less than three years by nominating a substitute that have those requisites, if necessary. The Meeting has also to guarantee the respect of the gender balance principle by appointing a replacement member of the less represented gender, where this is needed to restore the minimum number of Statutory Auditors belonging to this gender.
